MEMORANDUM FOR: Deputy Director for Support

SUBJECT : Access to West Parking Lot Through the Bureau
of Public Roads' Property

REFERENCE : Memo dtd 15 May 68 to DD/S fr D/L, subject: same

1. This memorandum contains a recommendation for your approval; such recommendation is contained in paragraph 3.

2. Pursuant to paragraph 3 of the reference, a meeting was held with the Federal Highway Administration (FHA) to implement the construction of the access road into the West Parking Lot. The scope of work will cover the construction of a road approximately 250 feet long and 24 feet wide. The work will also include the provision and installation of a security gate, additional lighting, and appropriate signs. In order to avoid providing funds over two fiscal years to accomplish this work, Fiscal Year 1968 funds will be provided to the General Services Administration (GSA), McLean Group Forces on an appropriate job order, and it, in turn, will deal directly with FHA. Inasmuch as other work is also being performed by representatives of FHA for GSA, no difficulty in this regard is anticipated.

3. It is recommended that the Deputy Director for Support authorize Fiscal Year 1968 funds in the amount of \$8,000 for the construction of this new access road.
